

Objective:

Motivated B.Tech student in Artificial Intelligence and Data Science with hands-on experience in machine learning, data analysis, and AI application development. Skilled in Python, SQL, Power BI, and AI technologies, with a passion for building intelligent solutions to real-world problems.

Area of Interest:

- Data Science and Analysis, Visualization
- Web Development (Front-end, Back-end)
- Data Base management
- Designing and Editing

Education:

- **Bachelor of Technology in Artificial Intelligence and Data Science** | Dr. Mahalingam College of Engineering and Technology, Anna University, Pollachi
2023-2027 | **CGPA:8.1/10**
- **Higher Secondary Certificate** | BVB Matric Higher Secondary School, Palani
2022-2023 | **Percentage:74**
- **Secondary School Leaving Certificate** | BVB Matric Higher Secondary School, Palani
2020-2021 | **Completed**

Skills:

Technical Skills:

- **Programming Languages:** Java, Python, HTML, CSS, Java-Script
- **Machine Learning:** Scikit-learn, TensorFlow (Basics), OpenCV
- **Database Management:** MySQL
- **Data Analysis:** Power-bi, Excel, Data Visualization

Soft Skills:

- **Communication:** Strong verbal and written skills-creating dashboards, writing reports, presenting project outcomes
- **Problem-Solving:** Analytical thinking, Root Cause Analysis

Projects:

MCET Document Management Portal Guided (by: Dr. Arun Madhavan)

February 2026

Built a secure web-based document management portal for Dr. Mahalingam College of Engineering and Technology (MCET) with authentication, file upload, file organization, and document management features.

L.U.N.A – AI-Powered Multi-Modal Lung Disease Detection System

2025 - Ongoing

Developed an AI-powered healthcare platform for lung disease detection using medical imaging, respiratory audio analysis, and deep learning techniques

Market Mapping for CCTV Sales using Power BI

16.06.25 – 30.06.25

Analyzed data from 100+ CCTV shops using Excel and Power BI to generate marketing insights.

Internships:

Netlush Technologies – Data Analyst Intern | Palani

16.06.25 to 30.06.25

Collected, cleaned, and visualized data from 100+ businesses using Excel and Power BI to support data-driven marketing decisions.

Digital Marketing Intern – Sorcee clothing brand | Pollachi

01.05.24 to 30.06.24

Analyzed campaign performance, managed social media content, and improved audience engagement using data-driven marketing strategies.

Certifications:

- Got certification in Tata Data Visualization Intern (12 Dec 2024) and BCGX Data Science Simulation (15 Dec 2024).
- Completed NPTEL course on Entrepreneurship — **Elite** (Score: 63%).

Achievements:

- Increased online engagement by 15% for the client's social media through **data-driven marketing** and as a **video editor**.
- As an member **INVICTUS** our association organized and managed many events successfully.

Extracurricular Activities:

- Participated in TN Police (cyber security) poster designing competition.
- Pole Vault athlete, showcasing discipline, focus, and commitment through sports.
- Handled **social media**, designed content, and editing videos for **Arasiyal seivom YouTube** channel.
